President's Post

Consider becoming part of the LIGC Management Team!

The Board of Trustees is looking for a few members to run for Board positions. The new terms will begin on October 5th after the annual fall membership meeting. If you would like more information, please contact me.

Joyce Kruithof

July 13th Twilight Green Eggs & Ham

Sunday, July 13 was the "Green Eggs and Ham" twilight scramble. The game was an unusual step-aside scramble. Even holes were played the traditional format. The odd holes 3, 5, 7 and 9 were played with each team member putting their own ball from the position of the scramble ball all the way in. They also had to putt from the opposite side they usually putted from. Then all putts counted as part of the team's total score for the hole. Different, interesting fun?

A delicious potluck—featuring green eggs and ham and many other tasty dishes was enjoyed by the forty-five participants and guests.

The winners were:

First: Team 5A Steve Levy, Jeremy Levy, Carole White, Joyce Kruithof

Second: Team 6 Dennis Mattson, Dan Currier, Judy Whitney, Diane Robertson

Third: Team 9 John Vaudt, Eric Meng, Dick Reiswig, Lauren Stephens

Fourth: Team 1 Brian Lynch, Jimmy Billesbach, Beth Hughes, Sue Crockett

Closest to the pin on #1: Mary Brown & Ray Ellener

Nancy and Brian Lynch chaired the event. They were assisted by Jerry Aaron, Jimmy Billesbach, Dolores Vrooman, Dan Currier, Diane Robertson and Kathy Keller.

Dolores Vrooman

Golf Truths

Golf appeals to the child in all of us.
This is proven by our frequent inability
to count past the number 5.

San Juan Ladies' Field Day **July 15th**

8 Lopez women spent a long pleasant day on San Juan Island on July 15th at the San Juan Golf Club's Women's Fun Day. There was a three-way tie for first place in this BEST BALL tournament. Lopez women on winning teams were Carole White, Sue Crockett and Pat Goodfellow. We're not sure why Tiger was there.

Workday July 30th

Lots of work got done during work day this month by members:

- Limbing trees
- Cleaning sprinkler heads
- Filling sand/divot mix containers
- Cleaning restrooms
- Weeding flower beds
- Filling potholes in the parking lot
- Emptying trash and sorting recycling
- Weedwacking here and there
- Cleaning and raking sand traps
- Digging out the Oregon Grape that was crawling into the building

Thanks to Julie and Rip Van Camp for lunch!

Golf Cart Maintenance

Part Two

Summer Maintenance of your Golf Cart

First and foremost is maintaining the proper water level in your batteries. Why is this so important? In the summer with more use and summer heat, the water tends to get depleted faster. Do not overfill. Just fill to the ring indicator under the caps. The best water to use for batteries is rain water, second best is RO (reverse osmosis) and least desirable is well water because it contains lots of minerals.

Second, keep a close eye on the acid accretion on the terminals and battery tops. As a matter of fact, it would be good once in a while to mix baking soda with water and paint it on the battery tops, letting it run down the sides to the battery supports. Then rinse the whole area with a hose, making sure the battery caps are in place before putting the baking soda on the battery tops.

Third, make sure the tires have proper air pressure. It is important since low air in the tires makes the motor work harder and you will not get the range out of the batteries/fuel that you would with proper air pressure.

Fourth, if you are so inclined, the steering and brake cables need lubrication and check the differential fluid level. All of these items need attention just like your family car.

Happy Carting and Golf

Dick Bangsund, Let's Go Buggy

Golf Lessons w/ Steve Nightingale

Monday August 11 & 25

1 hour long sessions 11-4 \$50 private \$60 total for semiprivate

Ladies' Clinic: 4-5:30 \$15 each limited to 6 ladies

Sign up at the club or call 468-2679
